Product description

Data-safe listing trolley 240 litres

Safe and optimal collection and disposal of the most sensitive data and documents in accordance with the applicable legislation in this area.

The material subject to data protection legislation can be placed in our disposal containers or listing trolleys collected and then transported to destruction according to regulations. These vehicles can be equipped with various locking systems according to requirements and are, of course, protected against unauthorized deletion of data by third parties. Please contact us for this.
