Product description

Lightweight professional aluminum boxes with hinged lid. These boxes are light, robust and have a long lifespan. The boxes are ideal for transport and logistics solutions. Valuable goods can be perfectly transported in these boxes. The boxes are easily stackable and have two spring-loaded handles. This box has a stucco surface and is largely scratch resistant. The container and lid have stable reinforcement profiles on the edges. Sealing gaskets and two lid straps are fitted in the lid. This box is also nestable and can be closed with two toggle fasteners. The content is 239 liters.
