Technical information

Productnumber : 98-4130GB

Product description

Used combination set consisting of 1 undercarriage and 2 plastic collars (80x60 cm half Euro pallet size). The foldable set-up walls are stackable and demountable, have sturdy hinges and are very versatile. This includes protecting boxes, transporting loose parts, putting together bulk packaging or order picking of large materials. The plastic undercarriage is equipped with 4 rubber swivel wheels for optimum manoeuvrability. The advantage of this combination set is that these mounting walls take up much less storage capacity if they are not used or are returned empty.

Specifications

Article arrangement: Used

Version: moulded rail

Wheels front: 2 castor wheels nylon, 125 mm

Euronorm (mm): 800 x 600

Surface treatment: painted and use damage

Internal length (mm): 745
