Product description
Fully collapsible painted mesh container. This gitterbox is easy to fold due to its hinged walls. One long side wall folds half way for easy access. The sturdy steel frame stands on four legs and can easily be picked up on both sides by a forklift or pallet truck. The wire container is stackable both when folded and unfolded. The container is treated with a powder coating that gives it a robust and scratch-free exterior. The bottom is made of flat sheet steel and the maximum stacking load is 9000 kg.
