Technical information

Productnumber : 99-172GB-PAL

Product description

Pallet offer with 50 used wooden pallet collars with a height of 200 mm, suitable for Euro pallets with the Euronorm of 1200x800 mm. These stackable wooden pallet collars are a versatile and convenient solution for various industries and environments where protection and efficient transportation of goods are crucial. Suitable for various applications and used in various environments due to its versatility and durability. Examples include protecting boxes and building up export packaging, transporting loose parts or assembling bulk packaging. The steel stacking lugs allow multiple erection edges to be safely stacked together, increasing storage and transportation efficiency. The foldable/hingeable feature through the sturdy, galvanized hinges makes them convenient for situations where they are not constantly needed. They can be folded and stored when not in use, saving space. See also below lockable lid, compartment dividers, label holders, attachments, undercarriages for even more options.

Notice! These used attachments differ in color (see photos) and are NOT sorted out.

Also available as:

- New each: item number 99-172-A
