Product description

Wood fiber pallet 120x80 cm. Save up to 50% on storage space and costs. Our wood fiber export pallets are manufactured according to a guaranteed disease-free process. That is why pressed pallets are ideally suited for worldwide export. This is because our pallets are produced under high pressure and high temperatures. As a result, no additional Sirex treatment is required. Potential legislation of different countries (such as ISPM15 / NIMF 15) need not be taken into account when using these pallets.

- 100% PEFC certified
- 100% FSC certified
