Technical information

Productnumber : 99-856-90051

Product description

Self-adhesive label holder 1 meter. This label holder is easy to stick on and attach. The label holder is made of transparent plastic. Thanks to the transparent plastic, barcodes can be scanned without having to remove the card. The holders are easy to cut to size.

Attention! Previously, these label holders were 1000 mm wide. These are no longer available. Only in white. Ask for the conditions.
