

Technical information

Productnumber : 716NBS4P1665

Product description

Galvanized steel nestable roll container with 2 swivel and 2 fixed polyamide wheels. These wheels roll smoothly and are wear-resistant. The bottom with a-frame base is equipped with a spring technology that can be folded up for return transport or storage. The front and rear wall are hinged on one side, so that it can be hinged to the side walls during storage. Thanks to the a-frame, several roll containers can be compactly slid into each other. This saves you considerable space during storage and transport.

Specifications

Article arrangement: New

Version: A-nestable

Walls: mesh

Wheels front: 2 castor wheels nylon, 108 mm

Wheels back: 2 fixed wheels nylon 108 mm

Surface treatment: electro-galvanized

Internal length (mm): 655

Internal width (mm): 740

Internal height (mm): 1465

Application: excl. levels

Additional specifications: nylon wheels

Type: 4 sides one door

Material: steel

Floor: steel

Subgroup: 4-Sides

Colour: colorless

Length (mm): 700

Width (mm): 800

Height (mm): 1665

Loading capacity (kg): 500

Type number: 704S06

EAN Code (Gtin) 8719424139990
