

Technical information

Productnumber : 98-7280GB

Product description

Used galvanised steel nestable roll container fitted with 2 swivel (braked) and 2 fixed-wheel rubber wheels. These wheels are made of elastic rubber and offer excellent driving comfort. The roll container has a door, a collapsible plastic base and two collapsible plastic shelves. Thanks to the a-frame chassis, several roll containers can be pushed together compactly. The shelves are hinged upwards and the door is hinged against one of the side walls. These side walls are hinged to fold inwards. This saves a lot of space in storage and transport.

Specifications

Article arrangement: Used

Version: A-nestable

Walls: mesh

Wheels front: 2 castor wheels solid rubber with wheel locks 125 mm

Wheels back: 2 fixed wheels, solid rubber 125 mm

Colour: grey/blue

Length (mm): 729

Width (mm): 818

Height (mm): 1770

Application: incl. 2 levels

Additional specifications: rubber wheels with wheel locks

Type: 4 sides one door

Material: steel

Floor: plastic

Subgroup: Roll cage used

Shelves: 2 * possibility to hinge

Surface treatment: electro-galvanized and use damage

Internal length (mm): 673

Internal width (mm): 769

Internal height (mm): 1538

Type number: 704K04
