## Technical information Productnumber : 12-140EURQ

## **Product description**

The Master Lock Solid Body Padlock features a 40mm wide solid body lock that is strong, durable and corrosion resistant. The shackle with a diameter of 6 mm is 22 mm long and made of hardened steel and is therefore extra resistant to cutting and sawing. The 4-pin cylinder prevents the lock from being picked and the double locking levers provide additional protection against prying and slamming. is against cutting

- Cylinder with 4 pins for increased protection against lock picking
- Double locking levers for extra protection against breaking open and slamming
- Keys included
