Technical information

Productnumber : 10-LICHT01

Product description

The safety light is ideal for traffic control, airports, petrochemicals and many other industries. The unit has a light sensor for automatic activation/deactivation, or can be set to full manual control.

The bright LEDs can be switched between a flashing or permanent setting, and the unit has an integrated rechargeable battery compartment which is powered by a standard DC adapter (not included). Simply twist off the Skipper or Skipper XS unit's top cap, and twist on the rechargeable safety light. Conforms to BS3143 part 2 1990. Uses 6X AA batteries (not included).

Specifications

Article arrangement: New
Version: LED light
Subgroup: Barriers
Length (mm): 140
Height (mm): 140
Type number: 10-LICHT01

Type: accessories
Material: plastic
Colour: yellow
Width (mm): 122
Weight (kg) 0.36
EAN Code (Gtin) 8719424181012
