Technical information

Productnumber : 42.423.15.908

Product description

The plastic wall protection is a versatile profile element made of polyethylene to protect walls. Ideally suited for rooms and corridors in public buildings, hospitals, nursing homes, waiting rooms, industrial and craft companies.

- Extremely shock and impact resistant profile, type A, made of smooth polyethylene
- Dimensionally stable and resistant to cold down to -30°C
- Easy to maintain, harmless and resistant to common cleaning agents
- Easy mounting with 6 mm screws (not included). The holes are pre-drilled and sealed with a plug of the same color - an almost invisible assembly. The material can be easily cut to size on site with standard woodworking tools (drilling, sawing, milling).

Specifications

Article arrangement: New

Version: wall protection 2060 mm x 200 mm x 20 mm

Subgroup: Profile protection

Length (mm): 2060

Height (mm): 200

Type number: 42-BP-W

Type: wall protection

Material: plastic

Colour: black

Width (mm): 20

Weight (kg) 8

EAN Code (Gtin) 8719424064049
