Product description

TÜV certified add-on section for bin cabinet (art.nr CS-55-6827-S1) consisting of a new shelf rack (type 55) including 18 used plastic bins (art.nr 98-6827GB). LxWxH: 600x400x270 mm. ATTENTION! THIS IS ONLY AN ADDITIONAL SECTION: To be able to place this add-on section you need at least one basic section (art.nr CS-55-6827-S1), after that infinite extension is possible.

The Kruizinga house brand shelf rack of high quality has a load capacity from 210 kg per shelf and is very suitable for shopfitting, workshop, archive or office. The rack is very easy to assemble thanks to the clamp-click-ready system. Made of high-quality galvanized steel and with numerous available accessories, it can be used very flexibly. A storage rack with a TÜV certificate or TÜV quality mark is a confirmation that a storage rack meets requirements set in legislation, standards and quality marks.

The used plastic stacking crate (600x400 mm) has 2 open handles. This robust used euro bin has four closed walls 320 mm high and a bottom with drainage holes. The side walls have an open handle for optimal handling. Made of polypropylene with high stability. The plastic bins have a smooth, hygienic design on the inside and are therefore easy to clean. Thanks to the smooth and reinforced bottom, the bins are suitable for conveyors and roller conveyors. The storage box is resistant to most oils, acids and alkalis. In addition, the box is temperature resistant from -20 to +100 degrees and thus well able to withstand extreme temperatures.

This combination set is easily expanded with accessories such as; label holders, labels, step stool/stairs or additional stacking bins.

Specifications

Article arrangement: New

Version: EXTENSION including 18 stacking boxes

Walls: open handles
