Product description

Plastic crate with closed handles, smooth bottom and perforated long walls for ventilation and cooling. Suitable for storage and transport of food. The plastic stacking bins are stackable and nestable. By simply turning the bin, you can assemble empty bins, which saves space and is a great advantage for logistics.

This bread bin is made of impact-resistant, food-safe plastic. The bins can be securely stacked and ergonomically transported on mobile bases. Widely used in the bread and confectionery industry.
