Product description

Used plastic storage bin 600x400 mm with a capacity of 62 litres. Ideal for storing your stock of small equipment and service parts. Made of high-quality polypropylene. The Euronorm bins have a smooth, hygienic design and are therefore easy to clean. Thanks to the smooth base, the bins are suitable for conveyors and roller conveyors. Special stacking edges ensure stable stacking through. Easy access to contents through front gripping opening. There is an open handle on 1 short side for optimal handling. The storage box has a 210 mm wide label holder on each side. A simple way to provide information about the contents of a bin. Very suitable for grab stocks (order picking) in workshop, garage, warehouse racks or service vans.
