Technical information

Productnumber : 87305-V-GB

Product description

Used stacking racks 3200X1280X300MM - The loading floor is designed for all standardised pallet sizes, bulky or difficult to palletise goods.

You can determine the height of the stacking racks yourself by choosing from the lengths of stanchions below. To determine the useful height (read: height to be loaded), take the total ring length minus 170 mm (example: ring length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, contact us for the possibilities.

An indispensable logistics solution for almost any warehouse or business logistics. Think of environments such as the metal industry, large-scale construction, small-scale construction, production companies and the automotive industry.

Please note! Contains damage to the frame.

Specifications

Article arrangement: Used

Version: suitable for stanchions 60.3

Floor: open lattice frame

Surface treatment: galvanized

Internal length (mm): 2965

Internal width (mm): 1040

Insertion height (mm): 100

Weight (kg) 54

EAN Code (Gtin) 8719424183665

Type: mobile storage rack

Material: steel

Colour: colorless

Length (mm): 3200

Width (mm): 1280

Height (mm): 300

Loading capacity (kg): 1000

Type number: 87305
