Technical information

Productnumber : 72503555

Product description

The Varitrex Prof is the most versatile folding ladder. Multifunctional use due to the 6 hinges. This way you can place it in A position, ladder position, platform position and wall distance position. Whichever position you use: with the Varitrex Prof you can handle any professional job.

Thanks to the bent booms with non-slip feet, you always stand firmly and stable. In addition, the unique 3-PIN autolocking® hinge system secures the folding ladder in any position. Safety guaranteed! In addition to being beautiful, the characteristic black coating is also dirt-repellent.

Specifications

Article arrangement: New

Version: 4x3 steps

Subgroup: Ladders

Length (mm): 2280

Weight (kg) 15

Type number: 503555

Additional specifications: type use: professional

EAN Code (Gtin) 8719424176872

Type: Altrex folding ladder

Material: aluminium

Colour: black

Width (mm): 810

Options: Norm: EN 131

Height when folded (mm): 950

Work height (mm): 4450
