

## **Product description**

Warehouse trolley with four wooden floors. The frame is made of steel that has been treated with a powder coating. This makes it a robust and scratch-free shelf trolley. The three upper levels are adjustable in steps of 100 mm. The load capacity per floor is 90 kg with a total load capacity of up to 600 kg. The platform cart is equipped with two swivel castors with brakes and two fixed castors.
